Emergency exit sign luminaire with plastic pane for surface mounting on the ceiling and for identifying emergency and escape routes. It is based on the design of the A series luminaire family, which provides solutions for any mounting and has won the German Design Award for its uniform, straight-line design. The luminaires are equipped with modern LED illuminants and provide flexibility through their interchangeable pictograms.

Control and monitoring via central power supply system. Two requested pictograms (arrow to the right, left, up, down or white) are supplied as standard.
