

Art.-Nr: SAM24
switch query module
switch query module SAM24

The SAM24 switch query module is a versatile interface between general and emergency lighting. It monitors up to eight switch states or voltage inputs (AC/DC) and transmits them via BUS to multiControl emergency lighting systems – enabling synchronized switching of emergency and general lighting.

With its integrated 3-phase mains monitor, COM port repeater, BUS supervision, and configurable DIP switches, the SAM24 is ideal for complex installations. Up to 16 modules can be connected using loop-through or star-shaped wiring.

TECHNICAL DATA

Material	Polycarbonate
Housing color	Anthracite
Protection type (IP)	IP20
Temperature range	-10 °C to 40 °C
Depth	64,5 mm
Width	105 mm
Height	90 mm
Weight	0.29 kg
Customs tariff number	85389091

As of: 06.06.2025 - Subject to technical changes and errors.
